MEMORANDUM FOR: [REDACTED]
Chief, Computer Services Division, SSC/DPIC

STAT

FROM: [REDACTED]
Chief, Management Staff, ODP

SUBJECT: Delta Data 7260T Terminals

REFERENCE: Memo to C/CSO/SSC/DPIC, dtd 14 July 1981
(ODP-81-907)

1. Recently, ten Delta Data 7260T terminals were transferred by ODP/Engineering Division to your office. There seems to be some confusion as to which office is responsible for the terminals. This memorandum is to confirm our understanding of property accountability, maintenance responsibility, and use.

2. The terminals are considered to be permanently under your complete control for usage and placement and will not be removed by ODP unless mutually agreed upon. Throughout FY 1982, we will retain the property on our accountability records and provide for maintenance for those terminals installed [REDACTED]

STAT

[REDACTED] Retaining the property accountability simplifies our administrative control over the maintenance contract and any required upgrades. In late FY 1982, we will restudy this arrangement and, depending on the circumstances, renegotiate the property accountability and continued maintenance of the terminals for FY 1983 and beyond.

3. I hope I have clarified the various responsibilities for these terminals. If you have any further problems or questions, please contact [REDACTED] (Black).
